Part 2

Aims and objectives

Holistic Gynaecology Clinic London

Please read the guidance document *Statement of purpose: Guidance for providers*.

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Our aims are:

- Providing high quality gynaecology care in a local community setting.
- Working in partnership with our patients, educating them about their hormonal health and increasing their understanding of their own bodies and involving them in decision making about their care.
- Focussing on finding the right diagnosis by fully exploring all symptoms, taking a complete history, and requesting all necessary investigations (blood tests, ultrasound scans, monitoring time).
- Having long appointment times with our patients that give us the time to be thorough in our approach so we can fully explore all symptoms and find the underlying causes of imbalance.
- Tackling the root causes of gynaecological problems and treating these holistically (creating an individualised treatment plan including diet, lifestyle, supplements as well as prescription medications).
- Focusing on prevention of disease and re-establishing hormonal balance by promoting good health and well-being through treatment, education, and information
- To maintain continuity of care.
- Being a learning organisation that always improves the care we offer our patients led by feedback received and continuing professional development.
- Treating patients as individuals and with the same respect we would wish for ourselves and our families, really listening and seeing the whole person.
- Involving other professionals wherever appropriate, such as nutritionists and other allied therapists, in caring for our patients.
- Taking care of our staff offering them support to do their jobs and to protect them against abuse.
- Providing our patients and staff with an environment which is safe, confidential, friendly, and effective.
- Having a zero tolerance of all forms of abuse and discrimination.
- Showing our patients courtesy and respect at all times irrespective of ethnic origin, religious belief, sexual orientation, personal attributes or the nature of the health problem.

Our objectives are:

- To deliver flexible and innovative healthcare that support and improve women wellbeing.
- Encouraging our patients to get involved in the practice by having open channels of communication, asking for feedback and taking action accordingly.
- To ensure that all members of the team have the right skills and training to carry out their duties competently.
- To be financially sustainable.
